

How Much Do I Get In A Quarter?

WHAT DO I GET?

You get a lot of beef. I would recommend having at least 4 cubic feet of freezer space. These size freezers usually cost around \$250 at Sams Club or Costco. If you have a typical 14 cubic foot freezer you will need about a third of it for your beef. Every beef is different, but we strive to produce as consistent beef as possible when it comes to quality and carcass size. Your quarter will approximately include the following:

75 LBS GROUND BEEF

5 20 OUNCE RIBEYES

2 3 LB CHUCK ROASTS

2 8 OUNCE FLAT IRONS

2 THIN STEAKS (SKIRT, FLANK, ETC.)

3 8 OUNCE FILETS

2 LB SIRLOIN KABOES

4 14 OUNCE STRIPS

TRI TIP, SIRLOIN CAP & RIBS OR BRISKET

DELIVERY

We take an extra step that not many will. If you purchase a quarter, half or whole we will bring it to you and carry it to your freezer. We understand you are probably not set up to transport over 100 lbs of frozen beef at a time and are happy to help. We have the freezers and coolers to effectively get it from our farm to your home. Delivery is available to Warren and Jefferson counties.

PRICING

QUARTER - \$1,425 (\$350 DEPOSIT)

HALF - \$2,750 (\$500 DEPOSIT)

WHOLE - \$5,250 (\$1000 DEPOSIT)
